---

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) Web site at <http://www.cde.ca.gov/ta/ac/sa/>. For additional information about the school, parents and community members should contact the school principal or the district office.

## I. Data and Access

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g. Academic Performance Index [API], Adequate Yearly Progress [AYP], test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## II. About This School

### School Description and Mission Statement (School Year 2008-09)

This section provides information about the school, its programs and its goals.

# San Andreas Continuation High 2008-09

## School Accountability Report Card

---

WASC A.1, A.2, A3, E4:

San Andreas Continuation High School is a school within the San Benito High School District. It is operated through the San Benito County Office of Education with collaboration and consultation with San Benito High School.

San Andreas Continuation High School staff believes all students can learn, given high expectations. Education is a shared responsibility which includes parents, students, staff, and the community. The mission of San Andreas Continuation High School is to provide students of the county with a quality alternative education when the traditional schools are unable to meet their individual educational needs. The goal is to educate all students to their highest potential so they will have the greatest range of personal options upon graduation. These goals are based upon the Expected School-wide Learning Results (ESLRs):

### 1. Literacy

Every student will be an effective communicator and demonstrate literacy by:

- A. Becoming a lifelong, competent reader.
- B. Demonstrating understanding of various forms of written communication.
- C. Creatively organizing and expressing ideas in various written style and forms.
- D. Effectively communicating ideas, issues, and beliefs orally.
- E. Interpreting and presenting ideas in artistic and other visual forms.
- F. Demonstrating understanding of mathematical reasoning, measurement, statistics, data analysis, and problem solving.
- G. Applying and integrating technological competencies and literacy to career goals.

Means of evaluation: classroom rubrics, meeting SBCOE graduation standards, and projects.

### 2. Critical Thinking Skills

Every student will be an original and critical thinker, demonstrating his or her ability to apply, analyze, synthesize, and evaluate information by:

- A. Passing various basic skills tests and improving their standardized test scores.
- B. Completing a cross-curricular, multi-step project.
- C. Applying scientific concepts to comprehend natural phenomenon.
- D. Applying a sequential, multi-step writing process to various forms of written communication.

Means of evaluation: transcript, test scores, rubrics for student projects and exit interviews.

### 3. Social Responsibility

Every student will be a responsible citizen in the community, while increasing their self-esteem, respect, empowerment, and conflict resolution skills by:

- A. Learning self-regulating behaviors and tools.
- B. Improving their attendance.
- C. Working collaboratively on projects and vocational experiences.
- D. Displaying respect, tolerance, non-violence, self-confidence and good manners towards others in multiple settings.
- E. Demonstrating positive/productive citizenship, and the rights and responsibilities of American Citizens.
- F. Practicing environmental awareness.

Means of Evaluating: citizenship grades, good news reports, rubrics for student projects.

The beliefs, vision, mission and ESLRs of San Andreas Continuation High School are based on educational research by Robert Marzano, the DuFours and Lawrence Lezotte.

San Andreas Continuation High School is an alternative school serving students in grades nine through twelve. There is one self-contained special day class for students with Individual Education Plans which includes high school age students. San Andreas remains the only alternative school for high school grade students in the county. Students are referred from San Benito High School, Anzar High School and Santa Ana Opportunity School. Students also enter from the Pinnacles Court and Community /Juvenile Hall Schools. A screening panel is conducted every Thursday to determine the eligibility and appropriate program placement for incoming students. Students and parents participate in an orientation regarding the expectations and procedures of the school.

Students come for a variety of reasons, including many of the following: truancy; falling behind academically, social difficulties at school; personal and familial challenges; and behavioral challenges within the traditional school setting. The school philosophy is guided by the students, the families and the school community. The school's foundation is based upon mutual respect, responsibility and safety. The school community relationship is guided by dignity, kindness, compassion, and most importantly, two-way communication.

Teachers at San Andreas Continuation High School consistently align their curriculum maps, lessons and formative assessments to the CA standards and the ESLRs to achieve positive classroom results. In addition the requirements of No Child Left Behind are monitored. The San Andreas teaching staff provides core academic courses in English Language Arts (ELA), Algebra Readiness, Algebra, Geometry, History/Social Science and Science. CAHSEE Prep classes are offered in ELA and Math. A student interactive program called Quizdom is used to promote interest and skills in mathematics. In addition migrant education and special education services are available, as well as a short-term independent study program. A computer lab and small library are also on site and utilized by both staff and students.

# San Andreas Continuation High 2008-09

## School Accountability Report Card

Personal and/or crisis counseling is provided by contracted counselors. The principal, the assistant-principal, and various other staff members provide additional mentoring and coaching in the areas of attendance, communication, grades, and social development.

San Andreas Continuation High School provides a safe, organized, and supportive environment that offers challenging and equitable opportunities for all students, thereby promoting equity and diversity. It fosters academic achievement of all students, while developing vocational and interpersonal skills required for success in a rapidly changing and technological world. It instills a strong work ethic and respect for the community effort, while preparing students for active and productive roles in society as adults.

### Opportunities for Parental Involvement (School Year 2008-09)

This section provides information about opportunities for parents to become involved with school activities.

WASC A.2, A 4, E1:

Opportunities for involving parents as partners begin with the enrollment/orientation process. The school provides information to the parents and school community regarding student achievement of the academic standards and ESLRs. Parents learn they are welcome on campus and can consider the school as a source of support for themselves as well. Both the principal and the assistant principal maintain an open-door policy and make themselves available when parents need to talk, or need assistance in making connections with other service agencies.

Both in the fall and the spring there are evening open house events, including a barbeque. There is a Migrant Parent advisory committee that meets on a regular basis. Parents have also been involved as members of committees for accreditation, graduation, special trips, etc. Parents provide input through surveys and questionnaires. Parents participate in monthly School Site Council Meetings along with the English Learning Advisory Committee (ELAC), which assists in the development and approval of the Single Plan for Student Achievement.

The school leadership encourages parental and community involvement initially through the student enrollment orientation process. A large percentage of the San Andreas staff is bi-lingual and can communicate in the home language of many of the students. Newsletters and bulletins are developed and mailed home in both English and Spanish. Community resources that support student's physical, emotional and social well being are made available to both students and parents. Currently, the school is developing a resource database of parents and community supporters to assist students in their academic achievement and career aspirations.

### Student Enrollment by Grade Level (School Year 2008-09)

This table displays the number of students enrolled in each grade level at the school.

| Grade Level      | Number of Students |
|------------------|--------------------|
| Grade 9          | 0                  |
| Grade 10         | 17                 |
| Grade 11         | 51                 |
| Grade 12         | 110                |
| Total Enrollment | 178                |

### Student Enrollment by Group (School Year 2008-09)

This table displays the percent of students enrolled at the school who are identified as being in a particular group.

| Group                            | Percent of Total Enrollment | Group                           | Percent of Total Enrollment |
|----------------------------------|-----------------------------|---------------------------------|-----------------------------|
| African American                 | 1.12 %                      | White (not Hispanic)            | 17.98 %                     |
| American Indian or Alaska Native | 0.00 %                      | Multiple or No Response         | 0.56 %                      |
| Asian                            | 0.00 %                      | Socioeconomically Disadvantaged | 35.00 %                     |
| Filipino                         | 0.00 %                      | English Learners                | 15.00 %                     |
| Hispanic or Latino               | 80.34 %                     | Students with Disabilities      | 6.00 %                      |
| Pacific Islander                 | 0.00 %                      | N/A                             | N/A                         |

### Average Class Size and Class Size Distribution (Secondary)

This table displays, by subject area, the average class size and the number of classrooms that fall into each size category (a range of total students per classroom).

| Subject        | 2006-07         |                      |       |     | 2007-08         |                      |       |     | 2008-09         |                      |       |     |
|----------------|-----------------|----------------------|-------|-----|-----------------|----------------------|-------|-----|-----------------|----------------------|-------|-----|
|                | Avg. Class Size | Number of Classrooms |       |     | Avg. Class Size | Number of Classrooms |       |     | Avg. Class Size | Number of Classrooms |       |     |
|                |                 | 1-22                 | 23-32 | 33+ |                 | 1-22                 | 23-32 | 33+ |                 | 1-22                 | 23-32 | 33+ |
| English        | 18.7            | 7                    |       |     | 21.0            | 9                    | 1     |     | 12.8            | 16                   |       |     |
| Mathematics    | 18.1            | 10                   | 1     |     | 13.1            | 9                    |       |     | 15.2            | 10                   |       |     |
| Science        | 18.6            | 4                    | 4     |     | 18.1            | 5                    | 2     |     | 13.2            | 6                    |       |     |
| Social Science | 20.4            | 7                    | 2     |     | 19.2            | 7                    | 4     |     | 13.2            | 14                   |       |     |

## III. School Climate

### School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

WASC E2:

San Andreas shares its site with Santa Ana Opportunity School. The site is always clean and neat due the efforts of the full-time custodian. The bathrooms, kitchen, classrooms and office spaces are safe, clean environments. San Andreas reviews and updates the school safety plan on an annual basis. Each year, an in-house inspection and reporting process is conducted. Every other year, Northern California Relief provides a full facility inspection, as well as Workman's Compensation Inspection. The staff is currently in the process of "Red Alert" trainings to further provide a safe environment for the students.

The school staff demonstrates caring, concern, and high expectations for students in an environment that honors individual differences that is conducive to learning. Student surveys revealed that they feel safe at school and strongly agree that there is someone they trust on campus. They also responded that the school staff promotes high academic expectations.

A full time counselor is available to students as well as School Resource Officer. Teachers and staff are involved with students both in and out of school. Students and staff exchange cell phone numbers so students can be picked up or escorted home, if necessary. The School Resource Officers will make house calls with the counselor or administrator when possible. Students who have difficulty getting to Mental Health appointments often get transportation from a school employee.

Students are encouraged to follow the social responsibility as outlined in the ESLRs, through working collaboratively on projects and vocational experiences (ESLR 3c). The counseling staff assists students in the areas of conflict resolution, Individual Education Plans, and other areas of student need.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

| Rate        | School  |         |         | District |         |         |
|-------------|---------|---------|---------|----------|---------|---------|
|             | 2006-07 | 2007-08 | 2008-09 | 2006-07  | 2007-08 | 2008-09 |
| Suspensions | 1.1     | 4.6     | 6.2     | 8.7      | 9.4     | 11.3    |
| Expulsions  | 0.0     | 0.0     | 0.0     | 0.5      | 0.9     | 0.7     |

IV. School Facilities

School Facility Conditions and Planned Improvement (School Year 2009-10)

This section provides information about the condition of the school’s grounds, buildings, and restrooms based on the most recent data available, and a description of any planned or recently completed facility improvements.

WASC E2:

The school facilities are safe, clean, and well maintained. The buildings were painted during the months of July and August 2004 and remain clean and free of graffiti. The restrooms are also clean and free of graffiti. Maintenance staff ensures that repairs are completed in a timely manner. Each classroom is swept or vacuumed and trash emptied on a daily basis.

San Andreas Continuation High School shares the physical plant with Santa Ana Opportunity School, which is also operated by San Benito County Office of Education. A city park is on the same parcel of land and is well-maintained. The community uses the facility extensively for evening events, club meetings, and as a polling place during elections. It has also served as the community disaster center during natural disasters.

School Facility Good Repair Status. (School Year 2009-10)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

| System Inspected   | Repair Status |      |      |      | Repair Needed and Action Taken or Planned |
|--|---------------|------|------|------|---|
|  | Exemplary     | Good | Fair | Poor |   |
| Systems: Gas Leaks, Mechanical/HVAC, Sewer                       | —             | ✓    | —    | —    |   |
| Interior: Interior Surfaces                                      | —             | ✓    | —    | —    |   |
| Cleanliness: Overall Cleanliness, Pest/Vermin Infestation        | —             | ✓    | —    | —    |   |
| Electrical: Electrical   | —             | ✓    | —    | —    |   |
| Restrooms/Fountains: Restrooms, Sinks/Fountains                  | —             | ✓    | —    | —    |   |
| Safety: Fire Safety, Hazardous Materials                         | —             | ✓    | —    | —    |   |
| Structural: Structural Damage, Roofs                             | —             | ✓    | —    | —    |   |
| External: Playground/School Grounds, Windows/ Doors/Gates/Fences | —             | ✓    | —    | —    |   |
| Overall Rating   | —             | ✓    | —    | —    |   |

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

| Teachers                                    | School  |         |         | District |
|---|---------|---------|---------|----------|
|   | 2006-07 | 2007-08 | 2008-09 | 2008-09  |
| With Full Credential                        | 6       | 6       | 8       | 114      |
| Without Full Credential                     | 1       | 2       | 0       | 12       |
| Teaching Outside Subject Area of Competence | 0       | 0       | 0       | N/A      |

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

| Indicator                                      | 2007-08 | 2008-09 | 2009-10 |
|--|---------|---------|---------|
| Misassignments of Teachers of English Learners | 0       | 0       | 0       |
| Total Teacher Misassignments                   | 0       | 0       | 0       |
| Vacant Teacher Positions                       | 0       | 0       | 0       |

Core Academic Classes Taught by No Child Left Behind Compliant Teachers  
 (School Year 2008-09)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE Improving Teacher and Principal Quality Web page at <http://www.cde.ca.gov/nclb/sr/tq/>.

| Location of Classes              | Percent of Classes In Core Academic Subjects |                                       |
|----------------------------------|--|---------------------------------------|
|                                  | Taught by NCLB Compliant Teachers            | Taught by Non-NCLB Compliant Teachers |
| This School                      | 100  | 0                                     |
| All Schools in District          | 87.9   | 12.1                                  |
| High-Poverty Schools in District |  |                                       |
| Low-Poverty Schools in District  |  |                                       |

## VI. Support Staff

### Academic Counselors and Other Support Staff (School Year 2008-09)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

| Title   | Number of FTE Assigned to School | Average Number of Students per Academic Counselor |
|---|----------------------------------|---|
| Academic Counselor                              |                                  |   |
| Library Media Teacher (Librarian)               |                                  | N/A   |
| Library Media Services Staff (Paraprofessional) |                                  | N/A   |
| Psychologist                                    |                                  | N/A   |
| Social Worker                                   |                                  | N/A   |
| Nurse   |                                  | N/A   |
| Speech/Language/Hearing Specialist              |                                  | N/A   |
| Resource Specialist (non - teaching)            |                                  | N/A   |
| Other   |                                  | N/A   |

VII. Curriculum and Instructional Materials

Quality, Currency, and Availability of Textbooks and Instructional Materials  
 (School Year 2009-10)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

| Core Curriculum Area                          | Quality, Currency, and Availability of Textbooks and Instructional Materials  | Percent of Pupils Who Lack Their Own Assigned Textbooks and/or Instructional Materials |
|---|---|--|
| Reading/Language Arts                         | Timeless Voices; Timeless Themes: Gold<br>Prentice Hall, 2002<br>The American Experience, 2002  | 0  |

VIII. School Finances

### Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2007-08)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/> and teacher salaries can be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

| Level   | Total Expenditures Per Pupil | Expenditures Per Pupil (Supplemental / Restricted) | Expenditures Per Pupil (Basic/ Unrestricted) | Average Teacher Salary |
|---|------------------------------|--|--|------------------------|
| School Site                                   | \$10,015.00                  | \$2,290.00   | \$7,745.00                                   | \$57,265.00            |
| District                                      | N/A                          | N/A  |  | \$65,091               |
| Percent Difference - School Site and District | N/A                          | N/A  |  | -12.02 %               |
| State   | N/A                          | N/A  | \$5,512                                      | \$66,335               |
| Percent Difference - School Site and State    | N/A                          | N/A  | 40.51 %                                      | -13.67 %               |

### Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are provided at the school through either categorical funds or other sources.

The San Andreas Continuation High School provides a Regional Migrant Program, which is overseen by Santa Clara County Office of Education. Also, contracted counseling services are provided. San Andreas school provides Supplemental Education Services as requested by parents under the No Child Left Behind, Program Improvement, Year 5 Requirements.

### Teacher and Administrative Salaries (Fiscal Year 2007-08)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

| Category                                      | District Amount | State Average For Districts In Same Category |
|---|-----------------|--|
| Beginning Teacher Salary                      | \$45,138        | \$41,427                                     |
| Mid-Range Teacher Salary                      | \$65,573        | \$65,758                                     |
| Highest Teacher Salary                        | \$83,737        | \$85,310                                     |
| Average Principal Salary (Elementary)         |                 |  |
| Average Principal Salary (Middle)             |                 |  |
| Average Principal Salary (High)               | \$117,397       | \$114,010                                    |
| Superintendent Salary                         | \$165,000       | \$145,785                                    |
| Percent of Budget for Teacher Salaries        | 36.90 %         | 36.70 %                                      |
| Percent of Budget for Administrative Salaries | 6.20 %          | 6.30 %                                       |

## IX. Student Performance

### Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE Standardized Testing and Reporting (STAR) Results Web site at <http://star.cde.ca.gov>. Program information regarding the STAR Program can be found in the Explaining 2008 STAR Program Summary Results to the Public guide at <http://www.cde.ca.gov/ta/tg/sr/documents/starpkt5intrpts.pdf>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

### Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

| Subject                | School  |         |         | District |         |         | State   |         |         |
|------------------------|---------|---------|---------|----------|---------|---------|---------|---------|---------|
|                        | 2006-07 | 2007-08 | 2008-09 | 2006-07  | 2007-08 | 2008-09 | 2006-07 | 2007-08 | 2008-09 |
| English-Language Arts  | 7       | 4       | 6       | 42       | 42      | 40      | 43      | 46      | 50      |
| Mathematics            | 1       | 0       | 1       | 15       | 16      | 13      | 40      | 43      | 46      |
| Science                | 4       | 0       | 3       | 35       | 45      | 52      | 38      | 46      | 50      |
| History-Social Science | 7       | 2       | 5       | 33       | 38      | 45      | 33      | 36      | 41      |

### Standardized Testing and Reporting Results by Student Group – Most Recent Year

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

| Group   | Percent of Students Scoring at Proficient or Advanced |             |         |                           |
|---|---|-------------|---------|---------------------------|
|   | English-<br>Language Arts                             | Mathematics | Science | History-Social<br>Science |
| African American                              | *   | *           | *       |                           |
| American Indian or Alaska Native              |   |             |         |                           |
| Asian   | *   | *           |         | *                         |
| Filipino                                      | *   | *           | *       | *                         |
| Hispanic or Latino                            | 5   | 2           | 0       | 5                         |
| Pacific Islander                              | *   | *           | *       | *                         |
| White (not Hispanic)                          | 7   | 0           | 18      | 5                         |
| Male  | 6   | 2           | 3       | 6                         |
| Female  | 7   | 0           | 4       | 3                         |
| Economically Disadvantaged                    | 5   | 0           | 0       | 2                         |
| English Learners                              | 0   | *           | *       | 0                         |
| Students with Disabilities                    | *   | *           | *       | *                         |
| Students Receiving Migrant Education Services | 4   | 0           | *       | 0                         |

### California High School Exit Examination

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CDE California High School Exit Examination (CAHSEE) Web site at <http://cahsee.cde.ca.gov/>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

### California High School Exit Examination Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level in ELA and mathematics.

| Subject               | 2006-07 |          |       | 2007-08 |          |       | 2008-09 |          |       |
|-----------------------|---------|----------|-------|---------|----------|-------|---------|----------|-------|
|                       | School  | District | State | School  | District | State | School  | District | State |

### California Physical Fitness Test Results (School Year 2008-09)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school’s test results to the district and state levels, may be found on the CDE Physical Fitness Testing Web page at <http://www.cde.ca.gov/ta/tg/pf/>. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

| Grade Level | Percent of Students Meeting Fitness Standards |                       |                      |
|-------------|---|-----------------------|----------------------|
|             | Four of Six Standards                         | Five of Six Standards | Six of Six Standards |
| 5           | 0.0   | 0.0                   | 0.0                  |
| 7           | 0.0   | 0.0                   | 0.0                  |
| 9           | *   | *                     | *                    |

X. Accountability

### Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found at the CDE Academic Performance Index (API) Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

### Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from 1 to 10. A statewide rank of 1 means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of 10 means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of 1 means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school's academic performance is better than at least 90 of the 100 similar schools.

| API Rank        | 2006 | 2007 | 2008 |
|-----------------|------|------|------|
| Statewide       | B *  | B *  | B *  |
| Similar Schools | B    | B    | B    |

### Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note, "N/A" means that the student group is not numerically significant.

| Group                            | Actual API Change |         |         | Growth API Score |
|----------------------------------|-------------------|---------|---------|------------------|
|                                  | 2006-07           | 2007-08 | 2008-09 | 2009             |
| All Students at the School       | -14               | 112     | -39     | 561 *            |
| African American                 |                   |         |         |                  |
| American Indian or Alaska Native |                   |         |         |                  |
| Asian                            |                   |         |         |                  |
| Filipino                         |                   |         |         |                  |
| Hispanic or Latino               |                   |         |         |                  |
| Pacific Islander                 |                   |         |         |                  |
| White (not Hispanic)             |                   |         |         |                  |
| Socioeconomically Disadvantaged  |                   |         |         |                  |
| English Learners                 |                   |         |         |                  |
| Students with Disabilities       |                   |         |         |                  |

### Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

### Adequate Yearly Progress Overall and by Criteria (School Year 2008-09)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

| AYP Criteria                               | School | District |
|--|--------|----------|
| Overall                                    | No     | No       |
| Participation Rate - English-Language Arts | Yes    | Yes      |
| Participation Rate - Mathematics           | Yes    | Yes      |
| Percent Proficient - English-Language Arts | No     | No       |
| Percent Proficient - Mathematics           | No     | No       |
| API  | No     | Yes      |
| Graduation Rate                            | Yes    | Yes      |

### Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found at the CDE Adequate Yearly Progress (AYP) Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

| Indicator   | School    | District  |
|---|-----------|-----------|
| Program Improvement Status                          | In PI     | In PI     |
| First Year of Program Improvement                   | 2006-2007 | 2009-2010 |
| Year in Program Improvement                         | Year 4    | Year 1    |
| Number of Schools Currently in Program Improvement  | N/A       | 2         |
| Percent of Schools Currently in Program Improvement | N/A       | 100.0     |

## XI. School Completion and Postsecondary Preparation

### Admission Requirements for California Public Universities

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the General Admissions Information Web page at <http://www.universityofcalifornia.edu/admissions/general.html>.

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the California State University Web page at <http://www.calstate.edu/SAS/admreq.shtml>.

### Dropout Rate and Graduation Rate

This table displays the school's one-year dropout rates and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

| Indicator             | School  |         |         | District |         |         | State   |         |         |
|-----------------------|---------|---------|---------|----------|---------|---------|---------|---------|---------|
|                       | 2005-06 | 2006-07 | 2007-08 | 2005-06  | 2006-07 | 2007-08 | 2005-06 | 2006-07 | 2007-08 |
| Dropout Rate (1-year) | 2.9     | 16.6    | 27.9    | 2.1      | 3.1     | 3.4     | 3.5     | 4.4     | 3.9     |
| Graduation Rate       | 0.0     | 79.0    | 58.2    | 86.7     | 89.6    | 86.2    | 83.4    | 80.6    | 80.2    |

### Completion of High School Graduation Requirements

Students in California public schools must pass both the ELA and mathematics portions of the CAHSEE to receive a high school diploma. For students who began the 2008-09 school year in grade twelve this table displays by student group the percent who met all state and local graduation requirements for grade twelve completion.

| Group                            | Graduating Class of 2009 |          |       |
|----------------------------------|--------------------------|----------|-------|
|                                  | School                   | District | State |
| All Students                     |                          |          | N/A   |
| African American                 |                          |          | N/A   |
| American Indian or Alaska Native |                          |          | N/A   |
| Asian                            |                          |          | N/A   |
| Filipino                         |                          |          | N/A   |
| Hispanic or Latino               |                          |          | N/A   |
| Pacific Islander                 |                          |          | N/A   |
| White (Not Hispanic)             |                          |          | N/A   |
| Socioeconomically Disadvantaged  |                          |          | N/A   |
| English Learners                 |                          |          | N/A   |
| Students with Disabilities       |                          |          | N/A   |

### Career Technical Education Programs (School Year 2008-09)

This section provides information about the Career Technical Education (CTE) programs and lists programs offered at the school.

### Career Technical Education Participation (School Year 2008-09)

This table displays information about participation in the school's CTE programs.

| Measure  | CTE Program Participation |
|--|---------------------------|
| Number of pupils participating in CTE  |                           |
| Percent of pupils completing a CTE program and earning a high school diploma                                   |                           |
| Percent of CTE courses sequenced or articulated between the school and institutions of postsecondary education |                           |

### Courses for University of California and/or California State University Admission (School Year 2008-09)

This table displays, for the most recent year two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion of, courses required for UC/CSU admission can be found at the CDE Web site at <http://dq.cde.ca.gov/dataquest/>.

| UC/CSU Course Measure   | Percent |
|---|---------|
| Students Enrolled in Courses Required for UC/CSU Admission        | 61.8    |
| Graduates Who Completed All Courses Required for UC/CSU Admission | 9.9     |

### Advanced Placement Courses (School Year 2008-09)

This table displays, for the most recent year, the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found on the DataQuest Web page at <http://dq.cde.ca.gov/dataquest/>.

| Subject                  | Number of AP Courses Offered | Percent of Students In AP Courses |
|--------------------------|------------------------------|-----------------------------------|
| Computer Science         |                              | N/A                               |
| English                  |                              | N/A                               |
| Fine and Performing Arts |                              | N/A                               |
| Foreign Language         |                              | N/A                               |
| Mathematics              |                              | N/A                               |
| Science                  |                              | N/A                               |
| Social Science           |                              | N/A                               |
| All courses              |                              |                                   |

## XII. Instructional Planning and Scheduling

### Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

WASC A5:

The Administrators of San Andreas Continuation High School, SSC, ELAC and staff determine the professional development plan based upon a variety of information, including student achievement data, curricular needs, the ESLRs, teacher input via a San Benito Countywide Professional Development Survey, as well as input from monthly staff meetings, quarterly professional development meetings and individual evaluations.

The staff was instrumental in creating a climate for collaboration time. Therefore, in the Fall of 2007, a monthly collaboration time was added to the school calendar. The third Thursday is a minimum day set aside devoted to Professional Learning Communities. A variety of professional development workshops for teachers and staff, sponsored by San Benito County Office of Education, are offered on the First Thursday of each month.

San Andreas staff participated in major areas of professional development from 2005 – 2009 These include: Curriculum Mapping for Language Arts, History/Social Science and Mathematics; and Diary Mapping. All San Andreas Teachers participated in three days of Rethinking Classroom Management with coaching. All teachers participated in Group/Peer Coaching three times to further implement the Rethinking Classroom Management Strategies.

Another area of focus was on continuation of Character-Based Literacy. This is a Language Arts project developed by Santa Clara University, with specific emphasis on reading and analyzing novels that promote positive character traits. This program is being used extensively in continuation high schools across California.

High Point, a reading intervention program, was adopted with professional development provided. During the 2007 – 08 school year, development of Professional Learning Communities, using Learning By Doing (DuFour) as the basis for implementation.. Members of the Santa Ana PLC presented Step Up to Writing strategies to the San Andreas Community.

Professional development goals for last year include, continuation of Step Up to Writing, PLCs to focus on Bringing Words to Life by Isabel Beck; Thinkfinity (a web-based program to assist in lesson planning resources), Assembly Required by Lawrence Lezotte and SChool Plan Data Management and Analysis.

Included in 2009 were RTI,Data Driven Dialogue and Data Driven Dialogue.

## XIII. National Assessment of Educational Progress

### National Assessment of Educational Progress

The National Assessment of Educational Progress (NAEP) is a nationally representative assessment of what America's students know and can do in various subject areas. Assessments are conducted periodically in mathematics, reading, science, writing, the arts, civics, economics, geography, and U.S. history. Student scores for reading and mathematics are reported as performance levels (i.e., basic, proficient, and advanced) and the participation of students with disabilities (SD) and English language learners (ELL) is reported based on three levels (identified, excluded, and assessed). Detailed information regarding the NAEP results for each grade, performance level, and participation rate can be found on the National Assessment of Educational Progress Web page at <http://nces.ed.gov/nationsreportcard/>. Note: Only a sample group of California's schools and districts participate in the NAEP testing cycle. Therefore, students in any particular school or district may not be included in these results. The NAEP reflects state test results and is not reflective of either the LEA or the individual school. Comparisons of student performance on the NAEP and student performance on the Standardized Testing and Reporting (STAR) Program assessments cannot be made without an understanding of the key differences between the two assessment programs. For example, the NAEP only assesses grades four, eight and twelve and for long-term trends assesses grades nine, thirteen, and seventeen. Additionally, the NAEP only provides state test results for grades four and eight. The California Standards Tests (CSTs) are based on a different set of standards than the NAEP assessments. For example, the NAEP is not aligned with California academic content and achievement standards and, therefore, does not necessarily reflect the curriculum and instruction to which students are exposed in the classroom. The NAEP assesses reading and writing separately, while the CSTs assess English-language arts (ELA), encompassing reading as well as writing conventions, spelling, and grammar. Scores on the CSTs and other assessments are not directly comparable to those on NAEP. The averages and percentages presented are estimates based on samples of students rather than on entire populations. Finally, the questions students respond to are only a sample of the knowledge and skills covered by the NAEP frameworks. Information on the differences between NAEP and CST can be found on the CDE National Assessment of Educational Progress (NAEP) Web page at <http://www.cde.ca.gov/ta/tg/nr/>.

### National Assessment of Educational Progress Reading and Mathematics Results by Grade Level – All Students

This table displays the scale scores and achievement levels on the National Assessment of Educational Progress Results for reading (2007) and mathematics (2009) for grades four and eight.

| Subject and Grade Level   | Average Scale Score |          | State Percent at Achievement Level |            |          |
|---------------------------|---------------------|----------|------------------------------------|------------|----------|
|                           | State               | National | Basic                              | Proficient | Advanced |
| Reading 2007, Grade 4     | 209                 | 220      | 30 %                               | 18 %       | 5 %      |
| Reading 2007, Grade 8     | 251                 | 261      | 41 %                               | 20 %       | 2 %      |
| Mathematics 2009, Grade 4 | 232                 | 239      | 41 %                               | 25 %       | 5 %      |
| Mathematics 2009, Grade 8 | 270                 | 282      | 36 %                               | 18 %       | 5 %      |

### National Assessment of Educational Progress Reading and Mathematics Results for Students with Disabilities and/or English Language Learners by Grade Level – All Students

This table displays the state and national participation rates on the National Assessment of Educational Progress for reading (2007) and mathematics (2009) for students with disabilities and/or English language learners for grades four and eight.

| Subject and Grade Level   | State Participation Rate   |                           | National Participation Rate |                           |
|---------------------------|----------------------------|---------------------------|-----------------------------|---------------------------|
|                           | Students With Disabilities | English Language Learners | Students With Disabilities  | English Language Learners |
| Reading 2007, Grade 4     | 74                         | 93                        | 65                          | 80                        |
| Reading 2007, Grade 8     | 78                         | 92                        | 66                          | 77                        |
| Mathematics 2009, Grade 4 | 79                         | 96                        | 84                          | 94                        |
| Mathematics 2009, Grade 8 | 85                         | 96                        | 78                          | 92                        |
